Remember to write down your name and class on each foolscap.
You are also required to write down the section AND the number of each question besides your answer. Do NOT copy the questions given.

Answer all questions in this section. (SHORT ANSWERS ARE REQUIRED) (4 marks for each answer)

Explain briefly but clearly the difference between:

(You can give suitable examples to illustrate your answer)

1. Wants & Needs
2. Durable Goods & Non-Durable Goods
3. Unlimited Wants & Limited Income
4. Direct Production & Indirect Production
5. The Stages of Production

SECTION C

CASE STUDY 1 (20 marks)

Analyse the following and then answer the questions laid down thereafter:

All people have three basic needs: food, shelter and clothing and much of the activity that we engage in is intended and designed to satisfy these three basic needs. It is essential for very society to produce the goods and services demanded by its consumers. To do this, it will use resources. The resources which are required to produce goods and services are referred to as "The Factors of Production".

1. List the three main **Factors of Production** (6 marks)
2. Why the **Entrepreneur** is considered to be the 4th Factor of Production? (2 marks)

One of the main problems that any society faces is that it cannot satisfy all the wants of its citizens! These wants are unlimited and yet there are limited resources available to the society to provide the various goods and services needed for the whole community! This imposes the problem of Scarcity and implies that society has to make a series of choices.

3. Briefly explain the following the term **Opportunity Cost** (2 marks)
4. The Goods and Services produced to satisfy people's needs and wants pass through three stages. **Write down the three stages of production.** (6 marks)

Early people were mostly farmers and lived in isolated communities. These people grew or made everything they needed for themselves. As time passed by, however, people began to specialize, that is, they began to make or grow just few types of things and producing more of it than they needed. In other words people at that time began to exchange their surplus with the surplus of others. This process of swapping is called barter.

5. Explain what **Bartering** is. (2 marks)
6. List two **qualities or characteristics of money** (2 marks)

SECTION D

CASE STUDY 2 (20 marks)

Any Entrepreneur starting a business has a number of goals that he or she wants to achieve. These are called objectives.

Business Objectives ...

1. Write down the three **main objectives** of any type of business. (6 marks)
2. List the two main reasons **WHY firms grow**. (4 marks)

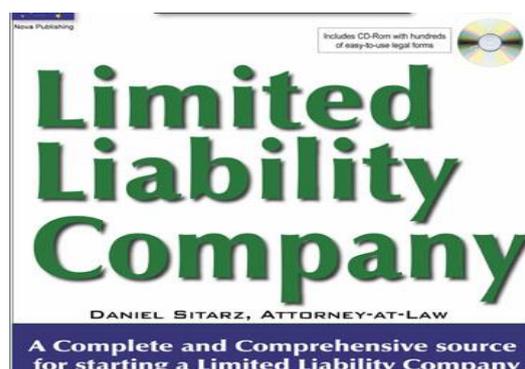

3. By giving suitable examples explain the following types of **integration**:
 - (i) Horizontal Integration
 - (ii) Vertical Integration Forward
 - (iii) Vertical Integration Backward
 (6 marks)
4. What is the difference between a **monopoly** and an **oligopoly**? (4 marks)

SECTION E

CASE STUDY 3 (20 marks)

Malta, like most other European countries, is said to have a 'mixed' economy because it consists of both 'Private Enterprise' and 'Public Enterprise'. In other words a 'mixed' economy is a combination of the 'free-market' economy' and the 'planned or controlled' economy.

1. List the two main differences between the '**Public Sector**' and the '**Private Sector**' that prevail in a mixed economy. (4 marks)
2. List the main characteristics that distinguish a '**free-market**' economy from a '**planned or controlled**' economy. (4 marks)

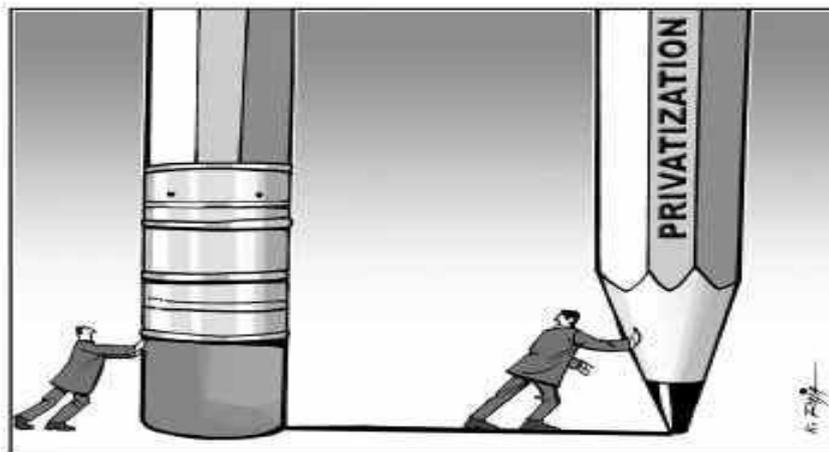

3. What is the main difference between a “**Private Limited Company**” (Ltd) and a “**Public Limited Company**” (plc)? (4 marks)

4. Franchising is considered as one of the fastest growing sectors of the economy as it offers the opportunity for success to those who have the capital and are willing to work hard. In your own words, **explain what is franchising**.
You can give some local examples to illustrate your answer. (4 marks)

5. What is the difference between **Nationalisation** and **Privatisation**? (4 marks)

SECTION F (10 marks)

Write a short paragraphs (of about 5 lines) to explain **ONE** of the following:

- (i) **Internal Structure and Span of Control**
(Can include advantages & disadvantages of both wide and narrow span of control)
- (ii) **The Location of Industry**
(Need to discuss the factors affecting the location of production in one place and not another depending on the type of production.)
- (iii) **The Importance of Marketing for business organisations**
- (v) **Economies & Diseconomies of Scale**
