MESSAĠĠ MILL-KAP TAL-ISKOLA

Opportunitajiet Indaq

Kull student hu obligat bil-liġi li jattendi l-iskola sa minn età bikrija. Kull student hu obligat bil-liġi li jibqa' jattendi sal-età ta' 16-il sena. L-istudenti huma obligati jsegwu kurrikulu preskritt tul dawn l-għaxar snin. Kurrikulu maħsub biex jagħti l-istess opportunità lil kulhadd.

Madankollu r-riżultati u r-riċerka juru li għalkemm l-istudenti għandhom l-istess opportunità jitgħallmu, mhux kollha jitgħallmu bl-istess mod. Minħabba f'hekk, numru kbir ta' studenti kienu qed jutilfu l-interess fil-proċess edukattiv, ma jibqgħux jistudjaw u saħansitra jtilqu l-iskola kmieni.

L-istatistika turi li 70% biss tal-istudenti kienu qed ikompli jistudjaw fil-livell post sekondarju waqt li l-oħrajn kienu qed jieqfu u jfittxu impjeg.

Kien għalhekk li minn din is-sena giet introdotta s-sistema 'My Journey', sistema li toffri rotot differenti għal studenti li jitgħallmu b'metodi differenti bl-iskop li kull student jieħu pjaċir jitgħallmu u li l-istudenti jkomplu jistudjaw wara li jagħlqu s-sittax-il sena. Din is-sistema taħseb mhux biss għat-tfal akkademiċi iżda wkoll għal dawk li jitgħallmu iżjed b'mod applikat.

Minn din is-sena, l-iskola tagħna qed toffri 12-il suġġett vokazzjonali u 12 applikat. Kien hemm rispons qawwi għal dawn is-suġġetti hekk kif 72% tal-istudenti fit-tielet sena għażlu suġġetti vokazzjonali jew applikati.

Interessanti kif il-perċentwali ta' dawk l-istudenti li s-soltu kienu jsibu diffikultà fl-għażla tagħhom u li issa għandhom suġġetti prattiċi minn fejn jagħzlu, jaqbel

ATTIVITAJIET B'RISQ DAR BJORN

Ta' kull sena, l-iskola tagħna tagħzel entità biex il-flus li jingabru mill-attivitajiet li jsiru, imorru bħala għajjnuna għaliha. Is-sena li għaddiet, għat-tieni darba, ergajna għazilna lil Dar Bjorn. Ir-raġuni li rgajna għamilna dan, kienet li fi Bjorn naraw persuna eżemplari, li għalkemm għaddej mit-tbatija xorta jibqa' jaħdem biex jgħin lil ħaddieħor u jipprovdilha l-għajjnuna lil persuni oħra fil-bżonn. B'hekk, aħna wkoll ridna li bħala skola nagħtu sehemna.

Fil-15 t'Ottubru 2019, ilqajna lil Bjorn Formosa fl-iskola tagħna biex il-Kunsill tal-Istudenti jipprezenta s-somma fenomenali ta' €13,000. Is-sodisfazzjon kien jidher f'wiċċ l-istudenti tagħna li bis-saħħa tagħhom ingabret din is-somma. Dan iseħħ biss għax fl-iskola tagħna nsibu għalliema determinati li lesti joffru ħinhom biex flimkien mal-istudenti jorganizzaw attivitajiet differenti, biex filwaqt li nieħdu gost flimkien, inkunu qed ngħinu lil ħaddieħor.

Matul is-sena saru diversi attivitajiet u inizjattivi fosthom, Animal Awareness Day, Christmas Market, Christmas Jumper Day, il-Pantomima Is-Sirenetta, bejgħ ta' kwareżimal u kejkiet, id-dramm L-Eżodu, Pi Day, Casual Day, Fun Run, il-flokkijiet tal-istudenti tal-5 sena u Festa Komunità.

Aħna bħala Tim tal-Attivitajiet, ninsabu kburin u sodisfatti li għal darb'oħra, bl-attivitajiet li norganizzaw. Irnexxielna niġbru somma sabiħa li żgur nafu li sejra għal nies li verament għandhom bżonn. Nixtiequ niringrazzjaw lill-kollegi tagħna u lill-istudenti tal-koperazzjoni tagħhom f'dawn l-attivitajiet.

JUM DUN KARM

It-Tnejn, 21 ta' Ottubru 2019, xi studenti tat-tielet sena marru l-Imdina fejn ħadu sehem f'attivitajiet differenti li ġew organizzati biex ifakkru l-poeta nazzjonali. Dawn l-attivitajiet kellhom rabta diretta mas-sillabu tad-9 sena fis-Sekondarja. Fl-ewwel sessjoni l-istudenti marru dawra mal-Imdina waqt li raw xi monologi interattivi bħal

pereżempju ltaqgħu mal-karattri ta' omm Dun Karm, missier Dun Karm u anki Dun Karm innifsu. Dawn kellmu lill-istudenti fuq il-ħajja ta' dak iż-żmien, il-problemi li kienu jiltaqgħu magħhom u anki fuq dak li kien iferraħhom. L-istudenti komplew ma' dawn il-karattri waqt li tgħallmu informazzjoni ġdida fuq il-ħajja ta' Dun Karm u dak li

kienet għaddejja minnu Malta f'dak iż-żmien.

Wara din l-attività, kien hemm it-tieni sessjoni li kienet tinvolvi attività interattiva bil-poeżija *Waħdi*, miktuba minn Dun Karm. Din l-attività ttellgħet biswit il-Katidral tal-Imdina. L-istudenti tagħna, flimkien ma' studenti minn skejjel oħra, analizzaw, iddiskutew u rriflettew fuq din il-poeżija. Apparti minn hekk, xi studenti ngħataw xi leħñiet. Kien hemm leħñiet b'xi kliem meħud mill-poeżija u kien hemm leħñiet oħra bid-definizzjoni ta' dak il-kliem. L-istudenti riedu jqabblu l-kelma mad-definizzjoni t-tajba u b'dan il-mod tgħallmu vokabularju ġdid.

Wara, l-istudenti kellhom l-opportunità unika li jżuru l-mużew tal-arkivji fejn raw materjal antik konness ma' Malta u dokumenti li fihom kliem u kitbiet antiki bil-Malti.

TEEN SCIENCE CAFÉ GIRLS FESTIVAL

Fis-6 ta' Novembru, grupp ta' tfajliet tal-Ħdax-il sena li bħalissa qed jistudjaw is-sugġetti tax-xjenza, kellhom l-opportunità li jattendu 'Teen Science Café Girls Festival' ġewwa x-Xara Lodge, ir-Rabat. Dan il-festival jifforma parti mill-programm Ewropew GENE (Global Education Network Europe) li qed jiġi implimentat ġewwa diversi pajjiżi Ewropej fosthom Malta. L-għan ta' dan il-festival hu li jinkoraġġixxi lit-tfajliet ikomplu jistudjaw sugġetti tax-xjenza f' livell terzjarju u jispirahom sabiex jagħżlu karriera relatata ma' daww imsejha sugġetti 'STEM' (Science, Technology, Engineering and Mathematics). Dan għaliex fi studji li saru madwar ħafna pajjiżi Ewropej, inkluż Malta, instab li ħafna iktar irġiel jaħdmu fil-qasam xjentifiku milli nisa, speċjalment

f'karrieri bħal inġinerija, l-iżvilupp ta' programmi tal-kompjuter kif ukoll bħala xjentisti ġewwa laboratorji.

F'dan il-festival l-istudenti kellhom l-opportunità li jiltaqgħu ma' diversi nisa Maltin li jaħdmu f'oqsma xjentifiċi differenti, fosthom fl-Awtorità tar-Riżorsi u l-Ambjent (ERA), il-Transport Malta, l-Università ta' Malta, l-Microsoft u l-Lufthansa Technik. Dawn il-professjonisti qasmu mal-istudenti l-esperjenza

tagħhom, fost l-oħrajn, x'ħajjarhom jibdeu jistudjaw sugġetti tax-xjenza, id-diffikultajiet u l-isfidi li ltaqgħu magħhom, kif ukoll il-kisbiet tagħhom. Barra minn hekk, l-istudenti kellhom iċ-ċans li jinteraġixxu mill-qrib ma' dawn l-istess professjonisti billi jistaqsuhom xi kurżitajiet jew jaqsmu magħhom xi dilemmi li kellhom. Preżenti għal dan il-festival kien hemm ukoll rappreżentati mill-Università ta' Malta kif ukoll l-MCAST. Dawn kienu disponibbli għall-istudenti sabiex iwiegħbu xi mistoqsijiet li seta' kellhom dwar karrieri jew korsijiet partikolari li huma joffru.

Din il-fiera żgur li kienet opportunità tajba sabiex l-istudenti jsiru iktar konxji ta' karrieri differenti li huma relatati max-xjenza. Nispera, li l-esperjenzi li semgħu mid-diversi xjentisti preżenti għenuhom jagħmlu kuraġġ sabiex anki huma jkomplu jistudjaw u jagħżlu karriera relatata ma' dan il-qasam.

STEM THEMATIC DEBATE

On the 24th November, I participated in the first edition of the STEM Thematic Debate.

On the 10th December I received the top debater award. The

4

debate focused on pollution and its

implications on the health of communities of low socio-economic status. A student representative from 12 different schools participated in the debate.

The first round took the form of a round table debate, where each student was allocated 2

minutes to present their argument on their given statement. My argument focused on the health of

communities of lower socio-economic status, which tends to be more affected by exposure to environmental hazards than the health of the general population. All arguments had to focus on the current situation of the Maltese islands. In the second round, after hearing the other students' arguments, we were given the opportunity to counter-argue another panel member's statement. In this round we had to tackle the 3 main environmental hazards, namely air pollution, noise pollution and

extreme heat. In the third round, each student had 30 seconds to conclude their argument.

A panel of judges was present throughout the whole debate to monitor and evaluate the students' active participation.

This was a very interesting opportunity as I was able not only to further my knowledge of environmental issues, but also to express my opinions on the subject during the debate.

MALTA JUNIOR SCIENCE OLYMPIAD 2019

On the 30th November, alongside my friends Pavel Dalli and Isaac Mula, I had the honour to represent my school in the 6th edition of the Malta Junior Science Olympiad. The Olympiad took place at St. Ignatius College Secondary School Handaq.

This is an annual competition whereby students compete with other students from secondary schools. This year the theme was aligned to UNESCO's International Year of the Periodic Table of Chemical Elements.

As a team we had three hours to work on Chemistry, Biology and Physics investigation tasks related to Elements. It was a challenge to concentrate and focus, and at the same time to manage the time well. However we rose to the occasion and made good use of team work since we were very well

coordinated. It was an experience which taught me not only the importance of good team spirit, but also the

importance of commitment and perseverance. Above all it solidified my love for STEM subjects.

Our experience would not have been possible without the continuous guidance of our teachers and Head of Department who made sure we met

for practice almost every day during the mid-morning break during the last two months.

NEWS FROM THE LIBRARY

MEET THE AUTHOR

Lina Brockdorff

- Lina Brockdorff's dream was to study medicine but since her family did not have the money to send her to university, she was enrolled into a teachers' training course without knowing.
- She started teaching in a primary school but stopped working when she got married and had kids and focused on writing. She later resumed teaching.
- She got her Masters degree when she was over 70 years old.
- She also had some of her works presented as radio dramas.
- Lina Brockdorff was also a presenter on a Maltese radio station.
- In the book 'Sireni u Serenati' she narrates her war experiences as a child.

WHAT TO READ

CURIOSITY CORNER

Did you know ...

- that if your old copy of the first edition of Harry Potter says "Joanne Rowling" instead of "J.K.Rowling" it is worth about €40,000?
- that the hardcover first edition which was first printed in 1997 is worth a fortune and of the 500 books published, 300 went to libraries? We are lucky to have one on our shelves.

IL-KOR TAL-ISKOLA

Inizzjattiva ġdida li għandna fl-iskola tagħna din is-sena hija l-kor. Kull nhar ta' Ġimgħa, waqt il-break ta' nofsinhar, jiltaqa' grupp ta' studenti biex jagħmlu provi tal-kant. Kull sessjoni li jkollhom tkun imqassma b'dan il-mod: l-ewwel isir warm-up tal-vuċi, imbagħad l-istudenti janalizzaw il-biċċa mużika li jkunu ser ikantaw. Wara jitgħallmu n-noti, ikantawhom u fl-aħħar, wara li jkunu tgħallmu n-noti sew, jippruvaw jirfinaw il-ħoss billi jużaw id-'dynamics' li jkollhom miktubin fuq l-istess biċċa mużika. Barra minn hekk, l-istudenti qegħdin ukoll jitgħallmu t-taqsim tan-noti (ir-ritmu) permezz taċ-ċapċip.

Is-sabiħ li tkanta f'kor, b'differenza għal li tkanta 'solo', huwa li trid tkun kapaċi taħdem f'tim biex flimkien ma' sħabek toħloq armonija mingħajr ma

jispikkaw vuċijiet individwali. Inheggu lil kull min hu interessat li jingħaqad mal-kor biex javvicinana.

THE ENGLISH DEBATE CLUB

The English Debate Club was set up three years ago. The reasoning behind it was to give the students the opportunity to practise public speaking skills in English. The main aim was for the students to become used to the idea of coming up with arguments in support of a position that they may not personally hold. The students are encouraged to feel comfortable presenting arguments and speaking in front of each other. They gradually get used to ways of politely disagreeing with others while improving their level of proficiency in English.

During the actual activity, the students discuss a myriad of topics ranging from 'Do rich and famous

people have it all?' to topics related to social issues and the environment. They first practise speaking in small groups so they collaborate and voice their opinions while speaking in English. They listen to each other and practise thinking on their feet as they counterargue.

This club gives the students the opportunity to obtain the necessary skills to be future active

citizens as it encourages critical thinking. So if you would like to join in, you're welcome to come to room FB105 every Monday during the midday break.

Ms C. Sciberras
English HoD

KARATE CLUB

Karate is a martial art in which the practitioner uses his hands and feet to form techniques and stances. At school it is practised every Monday during the mid-day break. Although it can be hard and exhausting, it makes its practitioner stronger both physically and mentally. As long as it is practised seriously and regularly, it can be very beneficial not only in a self-defence situation but also in everyday life. It has a positive

effect on self-esteem and discipline and develops its practitioners into people of integrity and strong values.

Although Karate can be very effective in stopping someone

with bad intentions, it is imperative for students to understand that the idea behind it is not to hurt others. This is a philosophy of non-violence where the practitioners learn to

protect themselves from other violent people and not to be the violent people or bully themselves. Karate is also about learning to surmount any obstacles we can come across in our daily lives. It is not solely aimed at defending ourselves but also about learning to make a commitment and face challenges.

IL-KUNSILL TAL-ISTUDENTI

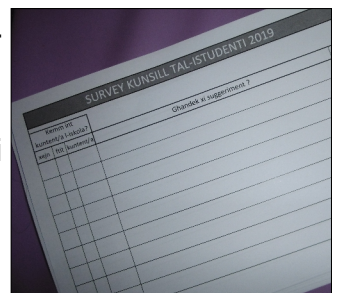

Wara li fformajna l-kumitat għal din is-sena, il-Kunsill tal-Istudenti qiegħed jiltaqa' darba fil-ġimgħa għal-laqħat ta' diskussjoni. Flimkien niddiskutu x'nistgħu nagħmlu biex il-ħajja tagħna l-istudenti fl-iskola tkun aktar pożittiva. Barra minn hekk, bħala kunsill ikollna sehem attiv fl-attivitajiet ta' ġbir ta' fondi fl-iskola. Din is-sena diġà kellna l-attività ta' Pink October fejn ġbarna għal Marigold Foundation u għal A.A.A. Riċenti kellna wkoll il-ġimgħa ddedikata għal-lingwi fejn ħdimna b'risq il-Multiple Sclerosis.

Għamilna wkoll riċerka żgħira mal-istudenti biex niġbru xi suġġerimenti. Dan

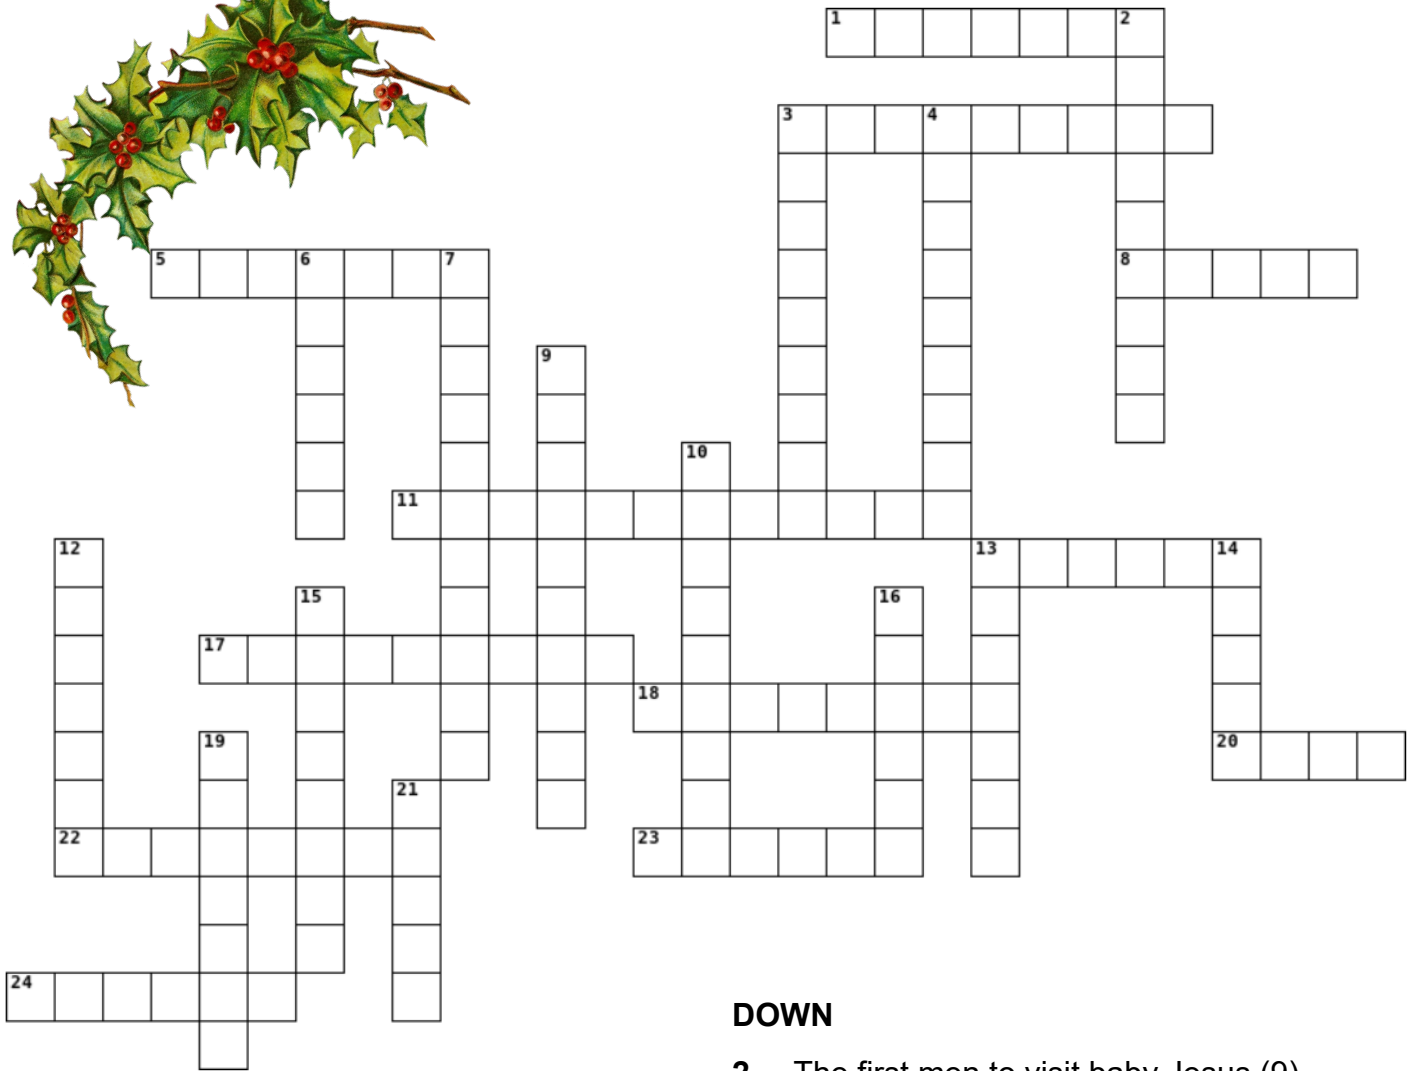

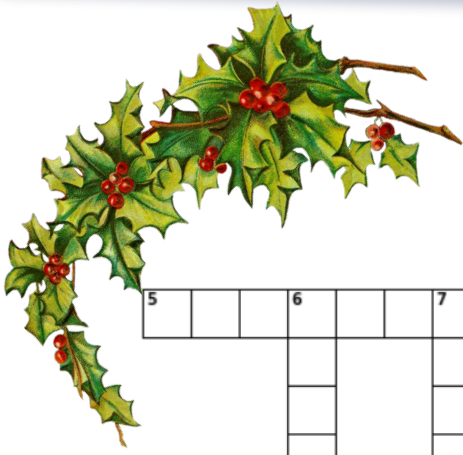

għaliex kif nidhlu lura mill-vaganzi tal-Milied se niltaqgħu mal-Kap tal-iskola biex nipprezentaw is-suġġerimenti tal-istudenti u niddiskutu miegħu l-possibiltà li dawn jiġu attwati għall-ġid tal-iskola. Għalhekk, nistiednu lilkom l-istudenti li għandkom xi suġġerimenti oħra biex tgħadduhom lilna l-membri tal-Kunsill tal-Istudenti.

Grazzi tal-koperazzjoni tagħkom.
